

## MINDY MCNABB

### MARKETING DIRECTOR

Mindy started her career with Canterfield of Oak Ridge in 2013 serving as the Dietary Manager. Where she worked closely with the residents and learned next to care, food is what makes a home, a home for our residents. She is a native Oak Ridger with a hand in all activities in the county. With this career path she quickly learned that the partnership with sales and food brought joy to her heart. Mindy branched over to become the Director of Community Relations in 2021, where the community places their trust in her helping seniors find their forever home.
